Precautionary Statements:

P301+312: IF SWALLOWED: Call a POISON CENTER/doctor /if you feel unwell.
P302+352: IF ON SKIN: Wash with plenty of water.
P304+340: IF INHALED: Remove person to fresh air and keep comfortable for breathing.
P305+351+338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing.

Hazards Not Otherwise Classified: May form combustible dust concentrations in air.

Other Hazards: Paper itself does not present a significant health hazard. The dust produced from manufacturing, finishing or handling may cause or aggravate respiratory problems if proper respiratory protection is not used when needed or if exposure limits are exceeded. Accumulation of dust on surfaces may result in fire or explosion in the presence of sparks or flames.

Engineering Controls: Use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits.

Individual Protection Measures:

Eye / face protection: Wear safety glasses with side shields (or goggles).

Skin protection: Not required. However, cloth, canvas, or leather gloves are recommended to minimize potential mechanical irritation from handling product.

Respiratory protection: If engineering controls do not maintain airborne concentrations below recommended exposure limits (where applicable) or to an acceptable level (in countries where exposure limits have not been established), an approved respirator must be worn.

Additional Information: Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.
