

## SAFETY DATA SHEET

### SECTION 1 - IDENTIFICATION

**Product identifier used on the label:** Enviro-Solutions 64H Neutral Disinfectant Cleaner

**Other means of Identification:** ES64H

**Recommended use of the chemical and restrictions on use:** For professional use only.

**Manufacturer/Supplier:**

Charlotte Products Ltd.

**Address:**

2060 Fisher Dr.

Peterborough, On K9J 8N4

**Telephone:** 705-740-2880

**Fax:** 705-745-1239

**24 Hr. Emergency Tel. #:** Infotrac 1-800-535-5053 (North America), 011-1-352-323-3500 (International)

### SECTION 2 - HAZARDS IDENTIFICATION

**Classification of the chemical:**

Specific target organ toxicity, single exposure Category 2

Acute Toxicity Oral 4

Acute Toxicity Inhalation 3

Skin Corrosion/Irritation 1

Eye Damage/Irritation 1

**Label elements:**

**Signal Word:** Danger

**Hazard statement(s)**

|      |                                         |
|------|-----------------------------------------|
| H302 | Harmful if swallowed                    |
| H314 | Causes severe skin burns and eye damage |
| H331 | Toxic if inhaled                        |
| H371 | May cause damage to organs              |

**Precautionary statement(s)**

|      |                                                    |
|------|----------------------------------------------------|
| P260 | Do not breathe dust/fume/gas/mist/vapours/spray    |
| P261 | Avoid breathing dust/fume/gas/mist/vapours/spray   |
| P264 | Wash exposed areas thoroughly after handling       |
| P270 | Do not eat, drink or smoke when using this product |
| P271 | Use only outdoors or in a well-ventilated area     |

|              |                                                                                                                                 |
|--------------|---------------------------------------------------------------------------------------------------------------------------------|
| P280         | Wear protective gloves/protective clothing/eye protection/face protection                                                       |
| P301+312     | IF SWALLOWED: Call a poison center or doctor/physician if you feel unwell                                                       |
| P301+330+331 | IF SWALLOWED: Rinse mouth. Do NOT induce vomiting                                                                               |
| P303+361+353 | IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower                       |
| P304+340     | IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing                                 |
| P305+351+338 | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing |
| P310         | Immediately call a poison center or doctor/physician                                                                            |
| P311         | Call a poison center or doctor/physician                                                                                        |
| P321         | Specific treatment (see section 4 of SDS)                                                                                       |
| P330         | Rinse mouth                                                                                                                     |
| P363         | Wash contaminated clothing before reuse                                                                                         |
| P403+233     | Store in a well ventilated place. Keep container tightly closed                                                                 |
| P405         | Store locked up                                                                                                                 |
| P501         | Dispose of contents/container in accordance with local regulation                                                               |

#### Hazard pictogram(s)

**Other hazards not otherwise classified:** None Known

**Unknown Acute Toxicity:** 6.78%

### SECTION 3 - COMPOSITION/INFORMATION ON INGREDIENTS

| Chemical Name, Common Name & Synonyms:                                                                                                                                                                     | CAS #                                                              | Concentration % |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------|-----------------|
| Tetrasodium EDTA                                                                                                                                                                                           | 13235-36-4                                                         | 1-5             |
| Alkyl dimethyl benzyl ammonium chloride (32%), Octyl dimethyl ammonium chloride (24%), Didecyl dimethyl ammonium chloride (12%), Dioctyldimethylammonium chloride (12%), Ethanol (10%), Free amines(<1.4%) | 68424-85-1, 32426-11-2, 7173-51-5, 5538-94-3, 64-17-5, Proprietary | 3-7             |

**\*\* If the chemical name/CAS # is “proprietary” and/or the weight % is shown as a range, this information had been withheld as a trade secret.**

### SECTION 4 - FIRST-AID MEASURES

#### Description of first aid measures:

**If swallowed:** Rinse mouth. Do NOT induce vomiting. Immediately call a poison center or doctor/physician.

**If on skin (or hair):** Take off immediately all contaminated clothing. Rinse skin with water/shower. If skin irritation occurs get medical advice/attention.

**If inhaled:** Remove person to fresh air and keep comfortable for breathing. Immediately call a poison center or doctor/physician.

**If in eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a doctor/physician.

**Most Important symptoms and effects, both acute and delayed:** Harmful if swallowed, causes severe skin burns and eye damage, toxic if inhaled, may cause damage to organs

**Indication of any immediate medical attention and special treatment needed:** Treat symptomatically, probable mucosal damage may contraindicate the use of gastric lavage.

## SECTION 5 - FIRE-FIGHTING MEASURES

### Extinguishing media:

***Suitable extinguishing media:*** Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

***Unsuitable extinguishing media:*** Not determined

**Special hazards arising from the substance or mixture:** None known

**Flammability classification:** Not flammable

**Hazardous combustion products:** Carbon oxides, oxides of phosphorus other unidentified organic compounds.

### Special protective equipment and precautions for firefighters:

***Protective equipment for fire-fighters:*** Firefighters should wear proper protective equipment and self-contained breathing apparatus with full face piece operated in positive pressure mode.

***Special fire-fighting procedures:*** Move containers from fire area if safe to do so. Cool closed containers exposed to fire with water spray. Do not allow run-off from firefighting to enter drains or water courses. Dike for water control.

## SECTION 6 - ACCIDENTAL RELEASE MEASURES

**Personal precautions, protective equipment and emergency procedures:** All persons dealing with the clean-up should wear the appropriate chemically protective equipment. Keep people away from and upwind of spill/leak. Restrict access to area until completion of clean-up. Refer to protective measures listed in sections 7 and 8.

**Methods and material for containment and cleaning up:** Do not allow material to contaminate ground water system. If necessary, dike well ahead of the spill to prevent runoff into drains, sewers, or any natural waterway or drinking supply. Ventilate the area. Prevent further leakage or spillage if safe to do so. Soak up with inert absorbent material. Do not use combustible absorbents, such as sawdust. Pick up and transfer to properly labeled containers. Contaminated absorbent material may pose the same hazards as the spilled product. Contact the proper local authorities.

**Special spill response procedures:** In case of a transportation accident, contact Infotrac 1-800-535-5053 (North America), 011-1-352-323-3500 (International). If a spill/release in the US in excess of the EPA reportable quantity is made into the environment, immediately notify the national response center in the United States (phone: 1-800-424-8802).

## SECTION 7 - HANDLING AND STORAGE

**Precautions for safe handling:** Handle in accordance with good industrial hygiene and safety practice. Use protective equipment recommended in section 8. Avoid contact with skin, eyes or clothing. Do not breathe dust/fume/gas/mist/vapors/spray. Wash face, hands, and any exposed skin thoroughly after handling.

**Conditions for safe storage:** Keep container tightly closed and store in a cool, dry and well-ventilated place. Store locked up. Keep out of reach of children.

**Incompatible materials:** Oxidizing agents. Do not mix with other chemicals or cleaners

## SECTION 8 – EXPOSURE CONTROLS AND PERSONAL PROTECTION

| Exposure Limits:                                                                                                                                                                                           |                                                                    |     |                    |                    |      |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------|-----|--------------------|--------------------|------|
| Chemical Name                                                                                                                                                                                              | CAS #                                                              |     |                    | OSHA PEL           |      |
|                                                                                                                                                                                                            |                                                                    | TWA | STEL               | PEL                | STEL |
| Tetrasodium EDTA                                                                                                                                                                                           | 13235-36-4                                                         |     |                    |                    |      |
| Alkyl dimethyl benzyl ammonium chloride (32%), Octyl dimethyl ammonium chloride (24%), Didecyl dimethyl ammonium chloride (12%), Dioctyldimethylammonium chloride (12%), Ethanol (10%), Free amines(<1.4%) | 68424-85-1, 32426-11-2, 7173-51-5, 5538-94-3, 64-17-5, Proprietary |     | 1000 ppm (Ethanol) | 1000 ppm (Ethanol) |      |

### Exposure controls:

**Ventilation and engineering measures:** Use only in well-ventilated areas. Apply technical measures to comply with the occupational exposure limits. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. In case of insufficient ventilation wear suitable respiratory equipment.

**Respiratory protection:** If airborne concentrations are above the permissible exposure limit or are not known, use NIOSH-approved respirators. Respirators should be selected based on the form and concentration of contaminants in air, and in accordance with OSHA (29 CFR 1910.134). Advice should be sought from respiratory protection specialists.

**Skin protection:** Wear protective gloves. Where extensive exposure to product is possible, use resistant coveralls, apron and boots to prevent contact. The suitability for a specific workplace should be discussed with the producers of the protective regimes.

**Eye face protection:** Wear eye/face protection. Wear as appropriate tightly fitting safety goggles; Safety glasses with side-shields.

**Other protective equipment:** Ensure that eyewash stations and safety showers are close to the workstation location. Other equipment may be required depending on workplace standards.

**General hygiene considerations:** Do not breathe vapours or spray mist. Avoid contact with skin, eyes and clothing. Do not eat, drink or smoke when using this product. Wash exposed areas thoroughly after handling. Remove and wash contaminated clothing before re-use. Handle in accordance with good industrial hygiene and safety practice.

## SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

**Appearance:** Clear green liquid

**Odor:** Fresh

**Odor threshold:** No applicable information available

**pH:** 6-7

**Melting/Freezing point:** No applicable information available

**Initial boiling point and boiling range:** 100 C

**Flash point:** None to boiling

**Flashpoint (Method):** No applicable information available

**Evaporation rate (BuAe = 1):** Similar to water

**Flammability (solid, gas):** Not flammable

**Lower flammable limit (% by vol.):** Not Flammable

**Upper flammable limit (% by vol.):** Not Flammable

**Vapor pressure:** No applicable information available

**Vapor density:** No applicable information available

**Relative density:** No applicable information available

**Solubility in water:** Soluble

**Other solubility(ies):** No applicable information available

**Partition coefficient:** No applicable information available

**Auto ignition temperature:** No applicable information available

**Decomposition temperature:** No applicable information available

**Viscosity:** Water thin.

**Volatile organic Compounds (%VOC's):** No applicable information available

**Other physical/chemical comments:** No applicable information available

## **SECTION 10 - STABILITY AND REACTIVITY**

**Reactivity:** Not normally reactive

**Chemical stability:** Stable

**Possibility of hazardous reactions:** No hazardous polymerization

**Conditions to avoid:** Keep out of reach of children. Do not use in areas without adequate ventilation. Avoid contact with incompatible materials.

**Incompatible materials:** Fluorine, strong oxidizing or reducing agents, bases, metals, sulfur trioxide, phosphorus pentoxide

**Hazardous decomposition products:** None known. Refer to 'Hazardous Combustion Products' in Section 5

## SECTION 11 - TOXICOLOGICAL INFORMATION

### Information on likely routes of exposure:

**Routes of entry - inhalation:** Avoid breathing vapors or mists

**Routes of entry - skin & eye:** Avoid contact with skin or eyes

**Routes of entry - Ingestion:** Do not taste or swallow

### Potential Health Effects:

#### **Signs and symptoms of short term (acute) exposure:**

**Symptoms:** Please see section 4 of this SDS sheet for symptoms.

#### **Potential Chronic Health Effects:**

**Mutagenicity:** Not expected to be mutagenic in humans.

**Carcinogenicity:** No applicable information available

**Reproductive effects:** No applicable information available

**Sensitization to material:** No applicable information available

**Specific target organ effects:** No data available to indicate product or components will have specific target organ effects.

**Medical conditions aggravated by overexposure:** Pre-existing skin, eye or respiratory conditions

#### **Toxicological data:**

See the following table for individual ingredient acute toxicity data.

| Chemical name                                                                                                                                                                                              | CAS #                                                              | LD <sub>50</sub> | LD <sub>50</sub> | LC <sub>50</sub>   |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------|------------------|------------------|--------------------|
|                                                                                                                                                                                                            |                                                                    | (Oral, rat)      | (Dermal. Rabbit) | (4hr, Inhal., rat) |
| Tetrasodium EDTA                                                                                                                                                                                           | 13235-36-4                                                         | 3030             | 5001             |                    |
| Alkyl dimethyl benzyl ammonium chloride (32%), Octyl dimethyl ammonium chloride (24%), Didecyl dimethyl ammonium chloride (12%), Dioctyldimethylammonium chloride (12%), Ethanol (10%), Free amines(<1.4%) | 68424-85-1, 32426-11-2, 7173-51-5, 5538-94-3, 64-17-5, Proprietary |                  |                  |                    |

\*All empty cells no applicable information available

Other important toxicological hazards: None reported.

## SECTION 12 - ECOLOGICAL INFORMATION

**Ecotoxicity:** No applicable information available.

**Persistence and degradability:** No applicable information available

**Bioaccumulation potential:** No applicable information available.

**Mobility in soil:** No applicable information available.

**Other Adverse Environmental effects:** No applicable information available.

## SECTION 13 - DISPOSAL CONSIDERATIONS

**Handling for disposal:** Handle in accordance with good industrial hygiene and safety practice. Refer to protective measures listed in sections 7 and 8. Empty containers retain residue (liquid and/or vapour) and can be dangerous.

**Methods of disposal:** Dispose in accordance with all applicable federal, state, provincial and local regulations. Contact your local, state, provincial or federal environmental agency for specific rules.

**RCRA:** If this product, as supplied, becomes a waste in the United States, it may meet the criteria of a hazardous waste UN defined under RCRA, Title 40 CFR 261. It is the responsibility of the waste generator to determine the proper waste identification and disposal method. For disposal of unused or waste material, check with local, state and federal environmental agencies.

## SECTION 14 - TRANSPORTATION INFORMATION

**Special Shipping Information:** Keep from freezing.

**T.D.G. Classification:** Not regulated under T.D.G.

**D.O.T. Classification:** Not regulated under D.O.T.

## SECTION 15 - REGULATORY INFORMATION

This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets and for workplace labels of non-pesticide chemicals. Following is the hazard information as required on the pesticide label:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

### DANGER

**KEEP OUT OF REACH OF CHILDREN. CORROSIVE.** Causes irreversible eye damage and skin burns. Do not get in eyes, on skin or on clothing. May be fatal if absorbed through the skin. Harmful if swallowed. Wear goggles or face shield, rubber gloves, and protective clothing. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap

### Occupational Health and Safety Regulations:

**WHMIS 1988 Class:** Product is registered under the Food and Drug Act.

**US Federal Regulation:** This product is a U.S. EPA registered pesticide.

**OSHA & WHMIS:** SDS prepared pursuant to the Hazard Communication Standard (CFR29 1910.1200) and Canadian WHMIS 2015 regulations (Controlled Products Regulations under the Hazardous Product Act).

### Environmental Regulatory Lists:

**SARA – Section 313 (Toxic Chemical Release Reporting) 40 CFR 372** – None of these ingredients are listed.

**CERCLA – Section 102 (Reportable Quantity) 40 CFR 302** – None of these ingredients are listed.

**RCRA 40CFR 261 (SUBPART D)** – None of these ingredients are listed.

**CLEAN WATER ACT – Section 311 (Reportable Quantity) 40 CFR 116** - None of these ingredients are listed.

**CLEAN AIR ACT – Section 312 (List of Hazardous Air Pollutants) 40 CFR 63 (Subpart C)** – None of these ingredients are listed.

**National Pollutant Release Inventory** – None of the ingredients are listed.

**Toxic Substances Control Act (TSCA)** – All the ingredients are registered on the Chemical Substance Inventory.

**Canadian Domestic Substance List (DSL)** – All the ingredients are registered on the DSL.

## SECTION 16 - OTHER INFORMATION

### Legend:

**ACGIH:** American Conference of Governmental Industrial Hygienists

**CAS:** Chemical Abstract Services

**CERCLA:** Comprehensive Environmental Response, Compensation, and Liability Act of 1980

**CFR:** Code of Federal Regulations

**CSA:** Canadian Standards Association

**DOT:** Department of Transportation

**ECOTOX:** U.S. EPA Ecotoxicology Database

**EINECS:** European Inventory of Existing Commercial chemical Substances  
**EPA:** Environmental Protection Agency  
**HSDB:** Hazardous Substances Data Bank  
**IARC:** International Agency for Research on Cancer  
**IUCLID:** International Uniform Chemical Information Database  
**LC:** Lethal Concentration

### **DISCLAIMER**

Information for this material safety data sheet was obtained from sources considered technically accurate and reliable. While every effort has been made to ensure full disclosure of product hazards, in some cases data is not available and is so stated. Since conditions of actual product use are beyond control of this supplier, it is assumed that users of this material have been fully trained accordingly to the mandatory requirements of GHS. No warranty, expressed or implied, is made and supplier will not be liable for any losses, injuries or consequential damages which may result from the use of, or reliance on, any information contained within this form.
