

Safety Data Sheet

Section 1. Identification

Product Name: Furniture Protection Connection: Leather Cleaner 8 oz

Recommended use: Soap

Restrictions on use: Use only as directed

Supplier Name: Furniture Protection Connection

Address: 1445 Londonderry Dr.
Woodstock GA. 30188

Telephone number: (888) 818-3229

Email: Info@fpconnection.com

Manufacturer Name: Innovative Chemical Technologies, Inc.

Address: 103 Walnut Grove Road SE
Cartersville, GA 30120

Telephone number: (770) 607-9340 Monday-Friday 8 a.m. – 5:30 p.m. EST

Emergency phone number: Chemtel Inc. 1-800-255-3924

Date of Preparation: February 24, 2016

Section 2. Hazard(s) Identification

OSHA/WHMIS Classification: Not Hazardous in accordance with US OSHA Hazcom 2012 (29CFR1910.1200)

Label Elements: None required

Section 3. Composition / Information on Ingredients

Chemical name	CAS No.	Concentration
Non-hazardous ingredients	Mixture	100%

The specific identity and/or exact percentage (concentration) of composition has been withheld as a trade secret.

Section 4. First-Aid Measures

Inhalation: Remove to fresh air. Get medical attention if respiratory irritation develops or if breathing becomes difficult.

Skin contact: Wash skin with soap and water. Remove contaminated clothing and launder before reuse. Get medical attention if irritation develop or persists.

Eye contact: Flush eyes with water while lifting the upper and lower lids. Get medical attention if irritation persists.

Ingestion: Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms develop.

Most important symptoms/effects, acute and delayed: May cause mild eye irritation. Prolonged skin contact may cause irritation. Inhalation of vapors or mists may cause upper respiratory tract irritation. Ingestion may cause gastrointestinal irritation.

Indication of immediate medical attention and special treatment, if necessary: No immediate medical attention is required.

Section 5. Fire-Fighting Measures

Suitable (and unsuitable) extinguishing media: Use media appropriate for the surrounding fire.

Specific hazards arising from the chemical: This product is not flammable or combustible. Thermal decomposition may yield oxides of carbon.

Special protective equipment and precautions for fire-fighters: Firefighters should wear full emergency equipment and NIOSH approved positive pressure self-contained breathing apparatus. Cool fire exposure containers and structures with water.

Section 6. Accidental Release Measures

Personal precautions, protective equipment, and emergency procedures: Avoid breathing vapors or mists. Ventilate area. Avoid prolonged contact with eyes, skin and clothing. Wear appropriate protective clothing.

Environmental precautions: Prevent spill from entering sewers and water courses.

Methods and materials for containment and cleaning up: Contain and collect using inert absorbent materials and place in appropriate containers for disposal. Possible slip hazard. Wash spill site with water.

Section 7. Handling and Storage

Precautions for safe handling: Avoid contact with the eyes and prolonged skin contact. Avoid breathing vapors or mists. Wash thoroughly with soap and water after handling. Keep containers closed when not in use.

Conditions for safe storage, including any incompatibilities: Store in a dry area away from oxidizing agents. Store away from heat or freezing temperatures.

Section 8. Exposure Controls / Personal Protection

Exposure guidelines:

Non-hazardous ingredients	None Established
---------------------------	------------------

Appropriate engineering controls: Use with general or adequate local exhaust ventilation to minimize exposure levels.

Personal Protective Equipment:

Respiratory protection: In operations where exposure levels are excessive, an approved respirator with dust/mist cartridges or supplied air respirator should be used. Respirator selection and use should be based on contaminant type, form and concentration. Follow applicable regulations and good Industrial Hygiene practice.

Skin protection: Impervious gloves recommended.

Eye protection: Safety glasses with side shields recommended.

Other: None normally required.

Section 9. Physical and Chemical Properties

Appearance: Clear liquid.

Odor: Characteristic odor.

Odor threshold: Not available	pH: No data available
Melting point/freezing point: Similar to water	Boiling point: Similar to water
Flash point: Not available	Evaporation rate: Similar to water
Flammability (solid, gas): Not applicable	
Flammable limits: LEL: Not applicable	UEL: Not applicable
Vapor pressure: Similar to water	Vapor density: Similar to water
Relative density: Similar to water	Solubility in Water: Disperses
Partition coefficient: n-octanol/water: Not available	Auto-ignition temperature: None
Decomposition temperature: Not available	Kinematic Viscosity: Not available

Section 10. Stability and Reactivity

Reactivity: Not reactive under normal conditions of use.

Chemical stability: Stable.

Possibility of hazardous reactions: None known.

Conditions to avoid: Avoid extreme temperatures.

Incompatible materials: Avoid oxidizing agents and reducing agents.

Hazardous decomposition products: Thermal decomposition may yield oxides of carbon.

Section 11. Toxicological Information

Acute effects of exposure:

Inhalation: Vapors or mists may cause mucous membrane and upper respiratory irritation with coughing or sneezing.

Skin Contact: Prolonged skin contact may cause irritation.

Eye Contact: May cause mild irritation with redness and tearing.

Ingestion: Ingestion may cause gastrointestinal irritation and nausea.

Chronic Effects: None known.

Sensitization: Components are not sensitizers.

Germ Cell Mutagenicity: Components are not mutagens.

Reproductive Toxicity: Components are not toxic to reproduction.

Carcinogenicity: None of the components are not listed as a carcinogen by IARC, NTP, ACGIH and OSHA.

Acute toxicity values:

Non-hazardous ingredients: Not acutely toxic.

Section 12. Ecological Information

Ecotoxicity values:

Non-hazardous ingredients: Fish LC50 > 100 mg/L/96hr, Algae ErC50 > 100 mg/L/72 hr, Aquatic invertebrates EC50 > 100 mg/L/48 hr

This product as a whole is not expected to be toxic to the environment.

Persistence and degradability: Product is readily biodegradable.

Bioaccumulative potential: No data available.

Mobility in soil: No data available.

Other adverse effects: None known.

Section 13. Disposal Considerations

Dispose in accordance with all local, state and federal regulations.

Section 14. Transport Information

	UN Number	Proper shipping name	Hazard Class	Packing Group	Environmental Hazard
DOT	None	Not Regulated			No
TDG	None	Not Regulated			No

Transport in bulk (according to Annex II of MARPOL 73/78 and the IBC Code): Not applicable – product is transported only in packaged form.

Special precautions: None known

Section 15. Regulatory Information

Safety, health, and environmental regulations specific for the product in question.

CERCLA Hazardous Substances (Section 103)/RQ: This product is not subject to CERCLA reporting requirements as it is sold. Many states have more stringent release reporting requirements. Report spills required under federal, state and local regulations.

SARA Hazard Category (311/312): Not Hazardous

EPA SARA 313: This product contains the following chemicals regulated under SARA Title III, section 313: None

California Proposition 65: This product does not contain any chemicals known to the State of California to cause cancer or reproductive toxicity.

EPA TSCA Inventory: All of the components of this product are listed on the TSCA inventory.

Section 16. Other Information

NFPA Rating: Health = 1 Flammability = 0 Instability = 0
HMIS Rating: Health = 1 Flammability = 0 Physical Hazard = 0

SDS Revision Summary: New SDS

Date of preparation: February 24, 2016

Date of last revision: None
