

# Safety Data Sheet Safety Data Sheet

<b>SDS #</b> : A-10058	Toner - Black			
Issuing Date 2013-07-24	Revision Date 2015-07-23		Version 1	
			Active	
1. Product and Company Ide	entification			
Trade Name Toner	for Xerox D1	36		
Part no. 006R01613, 006R01650, 006R01668				
Color Pure substance/preparation	Black Preparation			
Identified uses	Xerographic printing			
Manufactured by	Xerox Corporation Rochester, NY 14644			
Emergency telephone	Safety Information US: (800) 275-9376 Chemical Emergency only (Chemtrec) (800) 424-9300			
2. Hazards Identification				
<b>Emergency Overview</b> The product contains no substances which, in the form utilized and at their given concentrations, are considered to be hazardous to health.				
<b>Color</b> Black	Appearance Powder	Physical state Solid	<b>Odor</b> Faint	

## Classification of the substance or mixture

### Customer use / Cartridges and sealed bottles

**OSHA Hazard Classification** This product is an article which contains a mixture / preparation in powder form. Safety information is given for exposure to the article as sold and used by the customer. Intended use of the product is not expected to result in exposure to the mixture / preparation based on the packaging and method of dispensing.

 W/bile this material is not considered bazardous by the OSHA bazard Communication.

While this material is not considered hazardous by the OSHA hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information for the safe handling and proper use of the product. This SDS should be retained and made available to employees and other users of this product.

Label elements	
Signal Word	None
Hazard Statements	None required
Precautionary Statements	None required

Page 1/7

SDS #: A-10058

### **Potential Health Effects**

Principle Routes of Exposure Acute toxicity	Inhalation
Eyes	No known effect
Skin	No known effect
Inhalation	No known effect
Ingestion	No known effect
Chronic effects	
Main symptoms	<b>Overexposure may cause:</b> mild respiratory irritation similar to nuisance dust.
Aggravated medical conditions Environmental hazard	

## 3. Composition/Information on Ingredients

Chemical Name	CAS-No	Weight %
Polyester resin	117581-13-2	80-95
Paraffin wax	8002-74-2	5-15
Carbon Black	1333-86-4	1-10
Amorphous silica	7631-86-9	1-10
Titanium dioxide	13463-67-7	<1

### 4. First Aid Measures

General advice	For external use only. When symptoms persist or in all cases of doubt seek medical advice. Show this material safety data sheet to the doctor in attendance.
Eye contact	Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes
Skin contact	Wash skin with soap and water
Inhalation	Move to fresh air
Ingestion	Rinse mouth with water and afterwards drink plenty of water or milk
Notes to physician	Treat symptomatically
Protection of first-aiders	No special protective equipment required

## 5. Fire-Fighting Measures

Vill not readily ignite
or fog; do not use straight streams, Foam
d water stream as it may scatter and spread fire
•

Specific hazards arising from the chemical

SDS #: A-10058

**Toner - Black** 

Page 3/7

#### Hazardous combustion products

Explosion Data Sensitivity to Mechanical Impact Sensitivity to Static Discharge Hazardous decomposition products due to incomplete combustion, Carbon oxides, Nitrogen oxides (NOx)

Not impact sensitive Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard

#### **Protective Equipment and Precautions for Firefighters**

In the event of fire and/or explosion do not breathe fumes. Wear fire/flame resistant/retardant clothing. Use self-contained pressure-demand breathing apparatus if needed to prevent exposure to smoke or airborne toxins.

6. Accidental Release Measures		
Personal Precautions	Avoid breathing dust	
Environmental Precautions	No special environmental precautions required	
Methods for containment	Prevent dust cloud	
Methods for cleaning up	Prevent dust cloud. Sweep up or vacuum up spillage and collect in suitable container for disposal. Use non-sparking tools and equipment.	
Other Information	The environmental impact of this product has not been fully investigated. However, this preparation is not expected to present significant adverse environmental effects.	
7. Handling and Storage		
Advice on safe handling	Handle in accordance with good industrial hygiene and safety practice Avoid dust accumulation in enclosed space Prevent dust cloud	
Technical measures/Storage conditions	Keep container tightly closed in a dry and well-ventilated place Store at room temperature	
Hygiene measures	None under normal use conditions	
8. Exposure Controls/Pers	sonal Protection	
Exposure guidelines Product information	No information available	
ACGIH TLV TWA ACGIH TLV TWA OSHA PEL TWA OSHA PEL TWA Xerox Exposure Limit Xerox Exposure Limit Other Information	10 mg/m <sup>3</sup> (inhalable particles) 3 mg/m <sup>3</sup> (respirable dust) 15 mg/m <sup>3</sup> (total dust) 5 mg/m <sup>3</sup> (respirable dust) 2.5 mg/m <sup>3</sup> (total dust) 0.4 mg/m <sup>3</sup> (respirable dust)	
The results obtained from a Xerox s	sponsored Chronic Toner Inhalation Study demonstrated no lung changes in rats for the lowest	

(1 mg/m<sup>3</sup>) exposure level (the level most relevant to potential human exposure). A very slight degree of fibrosis was noted in 25% of animals at the middle (4mg/m<sup>3</sup>) exposure level, while a slight degree of fibrosis was noted in all the animals at the highest (16 mg/m<sup>3</sup>) exposure level. These findings are attributed to "lung overloading", a generic response to excessive amounts of any dust retained in the lungs for a prolonged period. This study was conducted using a special test toner to comply with an EPA testing protocol.

Hazardous polymerization	Hazardous polymerization does not occur		
Hazardous reactions	None under normal processing		
11. Toxicological Information			
The toxicity data noted below is based	on the test	results of similar reprographic materials.	
Acute toxicity			
Product information			
Irritation	No skin irr	itation, No eye irritation	
LD50 Oral	> 5 g/kg		
LD50 Dermal	> 5 g/kg		
LC50 Inhalation	> 5 mg/L (rat, 4 hr)		
Eyes	No known	effect	
Skin	No known effect		
Inhalation	No known effect		
Ingestion	No known effect		
Chronic toxicity			
Product information			
Chronic effects	No known effects under normal use conditions		
Main symptoms	<b>Overexposure may cause:</b> mild respiratory irritation similar to nuisance dust.		
Aggravated medical conditions	None under normal use conditions		
Carcinogenicity	See "Other Information" in this section.		
Chemical Name	IARC NTP		
Carbon Black		2B	

#### Other information

Titanium dioxide

The IARC (International Agency for Research on Cancer) has listed carbon black as "possibly carcinogenic to humans". The classification is based on studies evaluating pure, "free" carbon black. In contrast, toner is a formulation composed of specially prepared polymer and a small amount of carbon black (or other pigment). In the process of making toner, the small amount of carbon black becomes encapsulated within a matrix. Xerox has performed extensive testing of toner, including a chronic bioassay (test for potential carcinogenicity). Exposure to toner did not produce evidence of cancer in exposed animals. The results were submitted to regulatory agencies and published extensively.

2B

The IARC (International Agency for Research on Cancer) has listed titanium dioxide as "possibly carcinogenic to humans". The classification is based on studies in rats using pure, unbound TiO2. Based on the review of available study results, when this product is used as intended, Xerox has concluded that the presence of titanium dioxide in this mixture does not present an increased risk of lung cancer or chronic respiratory disease.

Other toxic effects Product information Sensitization Mutagenic effects Target organ effects	No sensitization responses were observed Not mutagenic in AMES Test None known
Other adverse effects	None known
Aspiration Hazard	Not applicable

#### 12. Ecological Information

#### Ecotoxicity

The environmental impact of this product has not been fully investigated. However, this preparation is not expected to present

### **SDS # :** A-10058

Toner - Black

Page 6/7

significant adverse environmental effects.

13. Disposal Consideration	S
Waste Disposal Methods	This material, as supplied, is not a hazardous waste according to Federal regulations (40 CFR 261). This material could become a hazardous waste if it is mixed with or otherwise comes in contact with a hazardous waste, if chemical additions are made to this material, or if the material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional, or local regulations for additional requirements.
Contaminated packaging	Dispose of in accordance with local regulations.
14. Transport Information	
Note	This material is not subject to regulation as a hazardous material for shipping

#### OSHA Regulatory Status

15. Regulatory Information

This product is an article which contains a mixture / preparation in powder form. Safety information is given for exposure to the article as sold and used by the customer. Intended use of the product is not expected to result in exposure to the mixture / preparation based on the packaging and method of dispensing.

While this material is not considered hazardous by the OSHA hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information for the safe handling and proper use of the product. This SDS should be retained and made available to employees and other users of this product.

#### International Inventories

TSCA	Complies
DSL/NDSL	Complies

#### U.S. Federal Regulations SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372 **Clean Water Act** 

This product is not regulated as a pollutant pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

#### Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs) (see 40 CFR 61)

This product is not regulated as a hazardous air pollutant (HAPS) under Section 112 of the Clean Air Act Amendments of 1990. CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

#### TSCA

TSCA 12(b) does not apply to this product.

### U.S. State Regulations

#### California Proposition 65

Carbon black is regulated under California Proposition 65 only if in the form of "airborne, unbound particles of respirable size". Toner products do not contain carbon black in the form of "airborne, unbound particles of respirable size". Therefore, the requirements of Proposition 65 do not apply to this product.

Titanium dioxide is regulated under California Proposition 65 only if a product results in exposure in the form of "airborne, unbound particles of respirable size". Toner products do not result in exposure to titanium dioxide in the form of "airborne, unbound particles of respirable size". Therefore, the requirements of Proposition 65 do not apply to this product.

Chemical Name	CAS-No	California Prop. 65
Carbon Black	1333-86-4	Carcinogen
Titanium dioxide	13463-67-7	Carcinogen

#### U.S. State Right-to-Know Regulations

Although this product contains substances included in some U.S. State Right-to-Know regulations, the particles are bound in a unique matrix and, therefore, the product does not pose any specific hazard.

#### Canada

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations (CPR) and the SDS contains all the information required by the CPR.
